4. "Odd" means "an odd numbered channel" and "even" means an "even numbered channel." These terms are used here for convenience, but will not actually be displayed on the screen. In addition, it is not possible to select the screening slot.

Points to note regarding advertising and promotion

Summary of standards for advertising and promotion media

- For all media advertising, we will perform examination of your company (advertiser), the product and the expression used (ad content). Your understanding is greatly appreciated.
- We may be unable to accept advertisements from organizations that compete with the business operations of the JAL Group and its affiliates (also includes information from organizations other than JAL Group airlines).
- JAL media is media that communicates as part of the airline's customer service. Therefore, we may not be able to accept any content or visual images that could cause a sense of anxiety or discomfort to our customers or put them at a disadvantage.
- Advertising media and services carried out in restricted areas and in aircraft at an airport must comply with a variety of terms and conditions based on the Airport Law and Aviation Law. Your understanding is greatly appreciated.
- Please contact us for details of restrictions on industries we can handle advertising for, products, and expressions used. In addition, please contact us at the production stage to inquire about the contents of the original document.
- The first and last dates on which the each media is placed in-flight may change slightly due to the state of preparation of aircraft.
- We may be unable to implement the media service due to unavoidable reasons such as bad weather or force majeure. Your understanding is greatly appreciated.
- We cannot provide a discount in the event of suspended service or a reduction in the number of scheduled flights.
- In principle, you cannot cancel your application once you have submitted it. A cancellation charge will apply in the unlikely event that an application is canceled. Your understanding is greatly appreciated.

Common to all paper media

Points to consider in regard to bookings

- We cannot accept specifications relating to the page on which advertising

is to be shown except for those on special areas such as the front cover and the articles facing the advertisement.

- If you do not specify the article facing your advertisement, there are times when it will be facing another advertisement. Your understanding is greatly appreciated.
- We require advance payment for the first booking.

Points to note when producing the original

- Please submit all of the original advertising as PDF* file.
*Illustrator CS 2 or Upper version
*InDesign CS4 or Upper version
*Acrobat Professional 9 or Upper version
- When submitting an advertisement, Please provide paper, color sample (if possible) and a file specification sheet along with the PDF file.
- Please don't use the specific-color.
- For color parts where four colors are used together (including images), please create data with ensuring that the total value of the CMYK4 edition is 320% or less.
- For bleed advertising, please ensure that the logo, company name, and advertising copy are at least 10mm above the finishing line (H280mm x W210mm) and placed on the inside, in addition, please provide a distance of at least 3mm on each side as bleed.
- We do not carry out color proofing.
- When advertising from overseas, we request that you leave decisions on the printing finish up to us.

Common to all video media

Points to consider in regard to bookings

- We cannot accept specifications regarding the order in which CF is to be shown.
- Flights on which CF can be aired are Japan Airlines flights only (flights shown as JL on the timetable). Irregular flights are not included.
- The screening period is scheduled to be from the first to the last day of the

month; however, this may change slightly for various reasons. Your understanding is greatly appreciated.

Points to note on the production of material

- The front screen will be a 4:3 screen except for some aircraft. 16:9 video will have margins (blank spaces) placed at the top and bottom. Please provide 16:9 video in letter box format. (Squeeze format is not allowed)
- The personal monitor will use a 16:9 screen except for some aircraft.
- 4:3 video will have margins (blank spaces) placed at the right and left.
- Audio can be either monolingual or bilingual; in the case of choosing bilingual, please use Japanese and English.
- Along with the materials, please submit a job sheet that describes details such as the title, language, scale, time code and size.
- We have specifications regarding the format for the delivered tape. Please contact us for details.
